DRAWING CORRECTION

10

Dear Sir:

10

15

This paper is in response to OBJECTIONS RAISED BY THE Office Draftsperson that the top margin of Figure 11 does not comply with the margin requirements under 37 CFR 1.84(g).

20

Because this application is based on an International Application, against which no objections were raised in connection with the drawings, the drawings are believed to be in compliance with PCT requirements so that the basis for the USPTO objection is not understood.

25

However, to avoid delay in further prosecution of the application, a fresh sheet containing Figure 11 in which the top margin is clearly in excess of the minimum of the new Figure 11 and entry into the record as a compliant formal drawing are respectfully requested.
